Release of the quarterly Basel III Pillar 3 report, as at 31 December 2017, as prescribed by the Banks Act

African Bank is pleased to announce the release of the quarterly Public Pillar 3 Disclosures as at 31 December 2017 (the Report), as prescribed in terms of Regulation 43 of the Banks Act (Act No. 94 of 1990), as amended (the Banks Act).

The disclosure covers the Bank and its holding company, African Bank Holdings Limited, a registered bank controlling company registered under Section 44(1) of the Banks Act.

The full version of the report can be accessed on the Bank's website via the following url: <https://www.africanbank.co.za/en/home/investors/regulatory-announcements/market-announcements/>

The overall balance sheet of the Bank remains strong, with advances well provided for, high capital adequacy ratios. Cash and surplus liquid asset holdings amount to R9.2 billion. Liquidity risk, interest rate risk and foreign exchange risk continue to be conservatively managed.

The overall impact of the strong balance sheet structure, as expressed in a conservative risk appetite, is evidenced in the various sections of the report which, as of 31 December 2017, include a CET1 ratio of 31.7%, a leverage ratio of 25.6%, and a liquidity coverage ratio of 208.6% at the African Bank level.
